ITALIAN LANCIA MAKES FIRST  
TRIP IN FIAT.

HE DRIVES A FAST TRIAL

NEW YORK, September 27.—Lancia, the Italian race crack, made his first trip over the Vanderbilt circuit in his Fiat racing car during the practice hours yesterday. He covered the 23.7 miles in 22:20.

Nazzaro, team mate to Lancia, made the circuit in 22:40, while Elliot F. Shepard, of the French team, in his "120" Hotchkiss, went around in 38:00. Jenatzy, in a "129" Mercedes, carrying Robert Graves, the owner of the car, punctured a tire at Bull's Head and did not complete a lap.

Much comment was heard over the manner in which the Pope-Toledo was barred from the American team. Neither Albert A. Pope, the entrant, nor Lytle, the driver, it was said, had been officially notified of the protest against the car, and neither had been officially summoned to attend the meeting of the Vanderbilt cup committee in the Garden City Hotel Tuesday night.

Much interest was expressed in the substitution on the team of one of the "110" Frayer-Miller machines. It is now said that a punctured tire caused the wreck

## ITALIAN LANCIA MAKES FIRST TRIP IN FIAT. TROUBLE OVER COLOSSEUM

## HE DRIVES A FAST TRIAL BIG STRUCTURE

NEW YORK, September 27.—Lancia, the Italian race crack, made his first trip over the Vanderbilt circuit in his Fiat racing car during the practice hours yesterday. He covered the 29.7 miles in 22:20.

Nazzaro, team mate to Lancia, made the circuit in 22:49, while Elliot F. Shepard, of the French team, in his "120" Hotchkiss, went around in 28:00. Jenard, in a "120" Mercedes, carrying Robert Graves, the owner of the car, punctured a tire at Bull's Head and did not complete a lap.

Much comment was heard over the manner in which the Pope-Toledo was barrelled from the American team. Neither Albert A. Pope, the entrant, nor Lytle, the driver, it was said, had been officially notified of the protest against the car, and neither had been officially summoned to attend the meeting of the Vanderbilt cup committee in the Garden City Hotel Tuesday night.

Much interest was expressed in the substitution on the team of one of the "10" Frayer-Miller machines. It is now said that a punctured tire caused the wreck of the Indiana Apperson car a few days before the elimination race last Saturday. Until Saturday, October 6, the day of the big race, the course is expected to be kept hot by trial runs.

Robert H. Bryson, president of the American Bowling Congress, is rejoicing over gifts received from St. Louis Temple Tournament which was incorporated last year. He is in the process of conducting a convention of the A. B. C., to be held from October 16 to 21, has sent out letters in obtaining a convention and tournament. Furthermore, a bet was obtained than could be built.

The tournament will be held in the big coliseum which was built for the national convention in 1910. The center of the city was nominated. The big hotels. Papers have been signed for constructing fourteen buildings commenced at one dollar will be distributed during the two weeks.
