

# BIG PREMIER CAR IN DETROIT RACES

**Webb Takes 100 Horse-Power  
Machine to Meet the Best  
in the Country.**

**BUILT FOR THE VANDERBILT**

**Local Entry Is to Participate in  
the Record Breaking.**

A. C. Webb of Joplin, Mo., an auto driver with a national reputation, will leave this morning for Detroit in a gigantic 100 horse-power Premier machine to take part in the big race event in that city to be held on Friday and Saturday of this week. Mr. Webb will be entered in four of the races and will be pitted against some of the greatest drivers in the country.

The mammoth machine of the local company is expected to give all comers a fight for the first honors. Barney Oldfield of racing fame will be one of the leading contestants with his Peerless Green Dragon and the famous six-cylinder Thomas Tornado will be another of the top-notch entries.

The big 100 horse-power Premier stands in a class of its own, as it is the largest air-cooled car ever built. It was constructed especially for the Vanderbilt cup races, but was disqualified owing to being eighty pounds overweight. It is a four-cylindered machine and is capable of terrific speed.

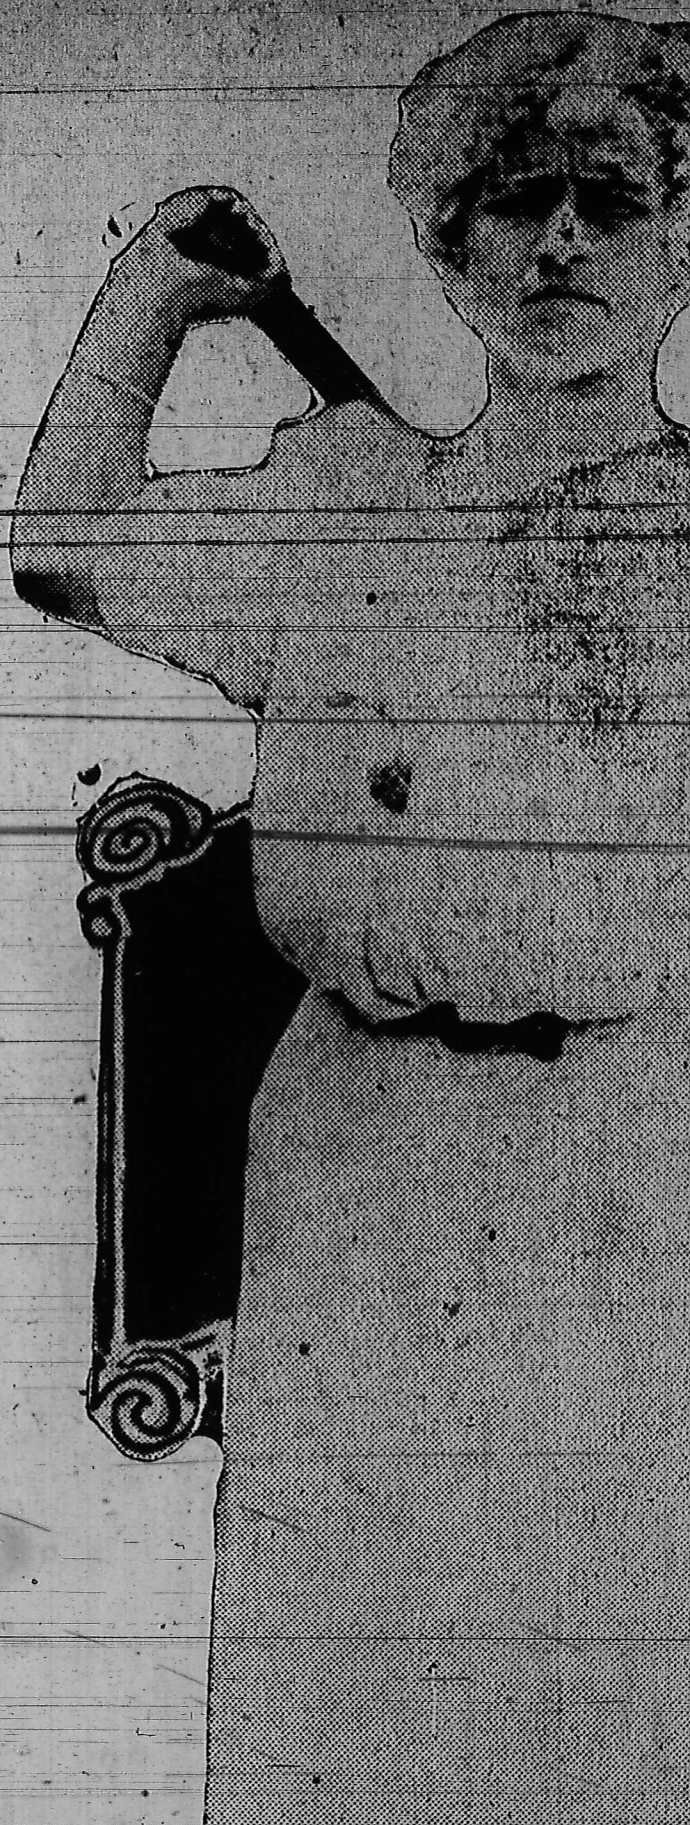

Recently at Chicago this car covered two miles in the time of two minutes and one second. It dashed over the first mile in one minute flat, but in the last half of the journey a second was lost. The machine is of a wonderful construction of concentrated power, and in the hands of Webb much is expected of it.

Mr. Webb arrived in Indianapolis yesterday with his family. The races at Detroit promise to rank with the biggest events of the kind ever held in this country, and with good weather conditions many of the records are expected to be shattered. There will be all kinds of races upon the program, which will cover two days. Several local enthusiasts have prepared to attend the races.

**RIDDLE IS THIRD IN TROT.**

**Cline Horse Driven by Johnny Maybury,  
Is Defeated.**

*Returns Without Wo*

## MISS WALICK BEST

MAKES A LOW NET SCORE

**Miss Jameson Is Second and Returns Low Gross Score in Cup Contest.**

The women golfers of the Indianapolis Country Club met yesterday at the club links in an interesting contest of match play at eighteen holes for the medal offered by the Women's Western Golf Association, of which organization the club is a member. Miss E. Wallick won the honors with a net score of 114, in which a handicap of twenty-five strokes was a big feature, as she made the course in 139. Miss Augusta Jameson was a close second with a score of 115, which was both gross and net as she started at scratch.

The medal must be won three times in succession to become the permanent property of the victor. Miss Jameson, who in reality captured first honors yesterday, won the trophy the first time it was contested for a few weeks ago. Miss Jameson has proven herself the premier woman player at the Country Club. However, she will have to fight to retain the honor, as Miss Martha Landers has been playing a nice game lately and is expected to make an excellent golfer. She was barely beaten out for second place by Miss Jameson, as she made the double circuit of the nine holes in 116. She was also allowed no handicap.

The Women's Western Golf Association has only recently inaugurated the plan of sending out a medal to be contested for to the various clubs which compose the association. It is proving a great success and is arousing much more interest in the game among the women of the country.

The handicaps which are allowed the various players of less experience adds an element of uncertainty to the contests and encourages more entries. Results:

	Gross	Hand	Net
Miss E. Wallick	139	25	114
Miss Augusta Jameson	115	0	115
Miss Martha Landers	116	0	116
Miss Anna Spain	118	14	134
Mrs. Harry Murphy	154	18	136
Miss Emma Martindale	154	16	138

## FEATURE GOES TO SNOWDRIFT

One of Favorites That Captures First Money at Latonia.

CINCINNATI, O., July 18. Four favorites won at Latonia today. Snowdrift won the steeplechase handicap, the attraction of the day, by a length from Enada. Frank M finished third. Cotton-town, the favorite, won easily the third event at a mile from Alma Dufour. Gus Heldorn, an outsider in the betting, was third. Track slow.

## DR. J. V.

## PLAN TEAM MATCHES

CONTESTS AT THE GUN CLUB

Crawfordsville and Martinsville  
Marksmen to Meet the  
Locals.

The feature of the regular Saturday afternoon shoot at the Indianapolis Gun Club this week will be a double team match between two quintets of the local shooters and a team of five men each from Crawfordsville and Martinsville. The first Indianapolis team will be placed against the men from the Hoosier Athens and another aggregation of local trap men will meet the Martinsville representatives.

The regular qualifying event of the weekly contests for the English Hotel Cup honors in the big annual fall tournament in September for next Saturday has practically been postponed, as Mr. Wands,
