For we run business on the plan that all that we can do for each individual con-
sumer strengthens the chain that makes any business possible. One sale does not
make a business, and dollars and cents are not the only reward worth fighting for;
there is a good deal of satisfaction in knowing that what is done is done right
and that people have faith in our honesty. Are you one of our customers?

**We Show Over 200 Reading Lamps, Gas or Electric.
Gas, \$2.50 Up; Electric, \$4.50 Up. They Are Worth Seeing.**

Dependability

IT DOESN'T
make a particle
of difference
how you spell it you
always get depend-
ability in a Stoddard-
Dayton.

Stoddard-Dayton

Every conquest and
every high mark to
the credit of the
Stoddard-Dayton, on

road and hill, this year and all years, was made by regular stock cars. They
have commanded attention from motor-wise people from the Atlantic to the
Pacific as THE AMERICAN CARS WITHOUT A FAULT.

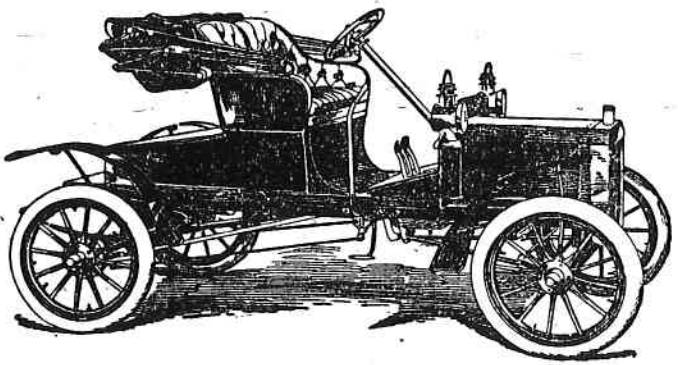

Model F, a 5-passenger touring car, 30-35 H. P., equipped with our new Stoddard-Dayton motor, more
powerful than last year's engine, 4 cylinders (4 1/2 x 5), sliding gear transmission; three speeds and reverse,
selective type; 34-inch wheels; enclosed fenders, with strut rods which take all strain off rear springs,
now hung on shackles at both ends; practically noiseless, mechanical lubrication.
Price \$2,500, with Full-Lamp Equipment. BETTER than cars costing MORE. Our 1907 Booklet is yours
for the asking.
