

DRIVERS LINING UP FOR RACE

INDIANAPOLIS. — Rene Thomas and Albert Guyot, winners of first and third places in the Indianapolis 500-mile race, respectively, have arrived from France for the Indianapolis 500-mile Liberty Sweepstake on the Indianapolis Motor Speedway, May 31, forming the vanguard of the Ballot team that will champion the tricolor in that historic event.

Louis Wagner and Jules Bablot, remaining members of the Ballot combination, are following hard on the heels of their confreres, having sailed from Havre on May 26 with the expectation of arriving on the scene of the fray on or about the middle of the month.

Another European star to check in for the big classic is Dario Resta, winner of the 1916 Indianapolis race and victor in the A. A. A. driving championship that year, who arrived with Louis Costalen, chief designer of Sunbeam cars and aviation motors, the latter hailing from Wolverhampton, England. Resta will team with Jean Chassagne at the wheel of a pair of Sunbeams in the Indianapolis contest.

The arrival of Thomas, Guyot and Resta rounds out a quintet of European drivers now quartered at the Indianapolis motor speedway in active preparation for the Liberty em-broglio, the other members consisting of Goux and Chassagne. This is the earliest that European drivers have ever made their appearance on the scene for an Indianapolis contest, and augurs ill for the American drivers who will compete against them.

The only defenders of the Stars and Stripes who are now getting into shape at the speedway are Howard

Wilcox, who, however has as yet not entered the event and therefore can not be classed as competition, and Elmer T. Shaunan, who will campaign in the 500-mile at the wheel of a Mesaba Special. Shaunan vaulted into the arena from Chisholm, Minn., bringing with him a car that derived its name from the celebrated range of iron ore owned by the U. S. Steel Corporation near Shannon's home. No trace of iron enters into the car's composition however, as it is in reality a Duesenberg, formerly raced under the name of Duluth Special at Chicago and other important meets.

Shannon is a newcomer to the Indianapolis track, however, he enjoys an excellent reputation in the Northwest, having won several road and dirt track races of interstate prominence. Judged by first impression, he seems to possess all the qualifications of a star driver, combining an excellent physique with keen mental ability, and his early presence on the track indicates good judgment. Shannon may not prove a winner in the Indianapolis event, but he looks like a comer and will bear a good deal of watching.

Ringside Flashes

Tommy Gavigan, Cleveland, and Greek Brown, Toledo, protege of Director Byrnes of the Toledo Athletic Club, will feature the main event in the boxing carnival arranged by new Moore A. C. at Sandusky May 28. They will go ten rounds at the Lyceum theater.

The woods are full of championship contenders in the light and feather weight classes. The latest to appear is Bunny Valger, who won a referee's decision over Frankie Britt in New Bedford Thursday night. Valger gave Artie Root a trouncing in Toledo some time ago. His manager

is clamoring for a chance at Johnny Kilbane. Valger claims to be the featherweight and lightweight champ of New England.

Times have changed for Jack Dempsey. Fans recall how Dempsey went against Jack Downey in Salt Lake City in a four round mill, for which he got all of five dollars. Downey got the decision. A second fight was staged between the pair, for which Dempsey got seven and a half dollars. But in the third match between these two youths the price was raised to \$12.50 and Jack Dempsey put Downey to sleep in the second round.

The Maumee River Yacht Club, Toledo, has put in a reservation for \$3,500 worth of tickets to the Dempsey-Willard battle. The tickets will be sold to members of the club at their lobster party at the clubhouse May 28th.

One by one the states are falling in line on the boxing proposition. Michigan is the latest, with Detroit the probable center of the sport for that state. Jackson, Battle Creek, Saginaw, and Grand Rapids have already been staging minor bouts thru the courtesy of the municipal and county authorities, and they will go in for their share of arena shows.

VEOXES ADVERTISING BILL

COLUMBUS—Governor Cox Friday vetoed the Wise bill which attempted to provide a new schedule of rates for legal advertising in newspapers. The bill was vetoed because the legislators made a mistake and amended the wrong section of the law.

BASEL — Cardinal Hartmann, according to a dispatch from Cologne Friday, has sent a formal request to Pope Benedict to "save the German people from threatening ruin."

J. E. Jennings
NEW YORK — (Special)—J. E. Jennings of Tomorden, Canada, won the fourteenth annual amateur

championship of America at clay targets over the traps of the New York Athletic club at Travers Island, when he took the title with 197 out of a possible 200 targets. The new champion finished the morning string with 97 out of a possible 100 targets. He ran straight during the afternoon, establishing a record for the shoot. It was the first time in the history of the championship that the title has been taken out of the United States.

F. S. Wright of Buffalo, who won the championship of New York state earlier in the week, finished second with 195. There was a tie for third place between G. S. McCarthy, Philadelphia, a former national champion; Mark Arle of Thomasboro, Ill., and J. B. McHugh of Wilmington, Del. Each had a total of 194. On the shoot off the prizes went in the order given.

Five gunners tied for the sixth prize. They were finally placed with M. S. Hootman, another Canadian, in the lead. Then came J. Clark, Jr., Worcester, Mass.; W. H. Yule, New York A. C.; J. B. Johnston, Jr., Pittsburg, and C. Bumister, Chicago. The shoot was the best that has ever been given for the title, both in point of attendance and in scores. In the aggregate 168 gunners went after the title. Of the number twenty-four had better than 190 out of a possible 200 targets.

BIG SHOOT SET FOR AUGUST

August 1st will be known as championship day for the men competing in the Grand American Handicap shooting tournament at Chicago. On that day shooting begins in the morning at 10 o'clock, with the American amateur championship at double targets. At 2 p. m. the national amateur championship at single targets, 16 yards rise, will be shot over four traps.

This race is open only to the winners of state championships or runners-up. The eastern and western districts of Canada are regarded as separate states. The Illinois state championship titular events are this year being shot at 300 targets, which precludes any false alarms getting in the national titular event.

DRESSMAKER DOING HER BIT

"Since I was a child, I have suffered with stomach trouble and gastric attacks. Doctors could only give me temporary relief. A lady I served for told me of having been cured of similar trouble by taking Mayr's Wonderful Remedy. The first dose proved to me that it would cure me and it has. I am glad to recommend it to other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

"Get-by" values means Good-bye results!

The purpose of your purchase is—WHAT? To see how much you can save by spending little?—by just "getting-by" with something that "ought" to do?—or that you "hope" will do. No indeed! You want certain expectations filled to the letter. In buying it should not be a question of what you save in price—but what you make through results.

"The Eilerman Store"

Is your dollar's best friend! We believe that "quality" is as big a boon to humanity as "education." Just as education advances civilization—quality advances business. Our profit is not based on the single sale, but on the endless chain of additional sales that come through "one telling another."
