# AUTO MEET PLANNED

## DECORATION DAY RACES

### Movement on Foot to Bring Big Drivers of the Country to Indianapolis May 30.

The big auto race meet is scheduled for Decoration day at the Fair Grounds and Carl G. Fisher yesterday closed arrangements with Barney Oldfield, the premier racing driver of the country, to appear in this city on that day and take part in the program of events and also make an effort to lower the world's record for a mile circular track. Oldfield, who has been racing in the South the last week, will leave Louisville tonight after his races in that city for Indianapolis and he is planning to remain in this city until time for the Decoration day meet.

For years past it has been the custom to hold auto races in this city, but last spring the event was abandoned for the reason that the promoters seemed to be pursued by a hoodoo, as every year it rained just enough to spoil the racing program for the day.

The plan this spring is to give the meet on a more elaborate scale than ever before and toward this end an effort is being made to secure all of the best drivers in the country to take part in a number of special races for the afternoon.

#### May Launch Airship.

Carl G. Fisher at present is in New York city and complete arrangements for the meet will not be made public until his return. There is a rumor to the effect that he is to launch his airship on that day, but this is not confirmed.

Arrangements have been made with the State Board of Agriculture for the use of the grounds for the day and preparations will be pushed rapidly from now on.

Tonight at the Fisher garage a meeting of the auto dealers and manufacturers of

For years past it has been the custom to hold auto races in this city, but last spring the event was abandoned for the reason that the promoters seemed to be pursued by a hoodoo, as every year it rained just enough to spoil the racing program for the day.

The plan this spring is to give the meet on a more elaborate scale than ever before and toward this end an effort is being made to secure all of the best drivers in the country to take part in a number of special races for the afternoon.

### May Launch Airship.

Carl G. Fisher at present is in New York city and complete arrangements for the meet will not be made public until his return. There is a rumor to the effect that he is to launch his airship on that day, but this is not confirmed.

Arrangements have been made with the State Board of Agriculture for the use of the grounds for the day and preparations will be pushed rapidly from now on.

Tonight at the Fisher garage a meeting of the auto dealers and manufacturers of the city will be held to complete all arrangement for the hill climbing contests to be held at Valley Mills hills on Thursday afternoon. From all indications the entry list in all of the events will be unusually large for such a contest. Previous to the departure of the machines for the scene of the races a parade will be given through the downtown streets of the city.

At the meeting tonight officials for the contests will be named.

## COMPLAINS OF ROWDYISM.
