members of the F. A. M. reg-
 istered with the secretary at the
 club. A great many riders who
 had never been affiliated with the
 local club took the opportunity to join.
 Others whose dues in the national or-
 ganization had lapsed were reuniting, as
 none may ride in the run, except regular
 members of the F. A. M. A buffet
 luncheon was served during the evening
 with lemonade—and other things to cool
 throats parched by a hard day's ride.
 Cigars with the F. A. M. label were dis-
 tributed to the guests. Guests were there
 from all parts of the county and a great
 many of the endurance riders were telling
 how they would have finished with per-
 fect scores if— But all were agreed on
 one thing, and that was that the endur-
 ance run was one of the hardest propo-
 sitions that could possibly be devised.

The proposed run to Kokomo today was
 discussed informally last night by some
 of the members, and it seemed to be the
 consensus of opinion that a mistake had
 been made in arranging the run as it
 would interfere seriously with the parade
 scheduled for this afternoon.
