The demonstrating rooms of the

city.

The machines are made in sizes for  
in city and suburban residences, m-

company guarantees that gas can  
made by the machines much cheaper  
the price charged for other kind  
cooking and illuminating gas.

# LINCOLN PENNIES ARE IN DEMAND IN INDIANAPOLIS

The new Lincoln pennies are in  
demand in Indianapolis. It appears  
nearly every person wants one of  
pennies for a keepsake, believing that  
first pennies of that coinage will be  
a premium, due to the fact that no  
of them will be coined until a cer-  
defect in them has been remedied.  
dianapolis banks are being besieged  
the new pennies, but only one or tw
