# C. L. U. AGAINST COMMITTEE TO PLAN LABEL CAMPAIGN

The proposal to select a committee from the Central Labor Union to arrange for the label reform campaign to be conducted in Indianapolis next month was voted down last night, and the entire question turned over to the organization committee.

Many members were opposed to immediate selection on the grounds that action was being taken too rapidly and without sufficient forethought and preparation. The organization committee will report at the next meeting, and a local manager for the campaign will be appointed.

It is proposed to conduct a series of lectures on union-made products and educate citizens on the worth of garments and articles bearing the union label. Officers of every international union will come to Indianapolis to participate in the campaign. A similar movement is being conducted at Pittsburgh.

# ACCIDENT CAUSES ARREST.

Louis Bauman, 1886 Singleton street, was arrested last night by Sergt. Dever and a squad of police charged with operating an automobile without lights and driving on the left side of the street. The police were returning from an emergency run and saw Bauman's machine on the left side of the street.

# OLD CASES CONTINUED AGAIN.

The cases against five officers and employees of the defunct Brown-Ketchum Iron Works were continued indefinitely yesterday in Criminal Court, where they are charged with embezzlement, conspiracy to embezzle or receiving embezzled funds. The cases have been pending for several years.

# COPPER DEMAND UNSTEADY.

NEW YORK, June 8.—The report of the Copper Producers' Association for May shows an increase in stocks on hand of 14,000,640 pounds, compared with the previous month. Production for the month was 9,284,844 pounds under April. Both domestic and foreign demand fell away materially, the former decreasing over 1,000,000 pounds, the latter about 10,000,000.

# Is It Primitive and Brutal for Boys to Wish to Enlist?

BY WINIFRED BLACK.

[Copyright, 1914, by Newspaper Feature Service, Inc.]

Years old, and I never would let him drill when he was at high school.

I met my friend at the club the other day. My friend was not quite herself, and she soon told me the reason why. "This war," she said, "and the talk of war—it is all so hideous, so brutal, so crude; I thought we were all through with that sort of thing long ago."

"And day before yesterday my own son wanted to enlist."

"I thought he was joking," I said. "I couldn't believe it of him. Why, I took him to a peace congress with me when I was only years old, and I never would let him drill when he was at high school."

"I couldn't bear to have him talk the sense out of me," she said. "I thought he was just a little fellow, but he didn't. He didn't understand at all. He is just as primitive today as his grandfather."

"He talked about his grandfather and said he was proud of him for fighting in the civil war, and he said that he would like to see his grandfather's sword on the wall."

"He said he should think I would be ashamed to do such a thing—and I wasn't. He said he would like to see his grandfather's sword on the wall."

"Oh, he talked terribly. He said he was sick of the talk and tangos and automobiles and polo."

"He said he was tired of sitting in an iron cage at the bank and watching old misers grin when he told them what their balance was. He said he wanted to be a man—for once—just a plain man, like some of the fellows who died for their country's flag down there in Cuba."

The boy's handiwork. "His father thought it was awfully funny; he almost died laughing at the boy and his heroics. But I didn't laugh. I couldn't. After all I've done to civilize that boy. Why, he's a member of the Brotherhood of Man Society, and he wears an Audubon badge. Isn't it terrible?"

"My dear," said the woman across the table, "it's worse than terrible. That boy is a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

"He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker. He's a free-thinker, a free-thinker, a free-thinker."

# MARK STOREN NAMED FOR SCHMIDT'S PLACE

## Indiana Senators Agree on Scottsburg Man for U. S. Marshal—Incumbent May Be Asked for Resignation Soon.

WASHINGTON, June 8.—Mark Storen of Scottsburg was selected this afternoon by Senators Shively and Kern for United States marshal for the district of Indiana to succeed Edward H. Schmidt of Indianapolis.

They attached their signatures to papers recommending the appointment of Storen, and sent their recommendation over to Attorney General McReynolds. Storen is a Democratic wheel horse in the Third Indiana District, and for a number of years has been Democratic district chairman.

Time Not Designated. How soon the change in the marshalship will take place the senators are not prepared to say, but there is a strong tip that the department of justice will soon ask Marshal Schmidt for his resignation.

The Indiana senators expect to confer tomorrow with Secretary of War Wood and McAdoo in regard to the appointment of a collector of customs at Indianapolis. The collector will be either Dr. Thomas E. O'Connell or Oscar E. Brown of Indianapolis, with chances favoring Stuckey.

REGARDED AS "WHEEL HORSE." Storen was Stanch Administration Supporter in Legislature. Mark Storen of Scottsburg, selected by Senators Shively and Kern for United States Marshal for the district of Indiana, was one of the stanch supporters of the administration in the last Legislature.

House Mr. Storen had much to do with the handling of many important bills, notably the Public Service Commission measure, several of which originated in the House before the Shively bill came over from the Senate.

He is a member of the "wheel horse" of democracy in Indiana, has as many friends, perhaps, as any other man active in Indiana politics today. He was a candidate for speaker of the House two years ago, but was defeated by the Marion County candidate, Homer L. Cook, in caucus. He is a lawyer and has a large practice in Scott County.

United States Marshal Edward H. Schmidt could not be reached last evening. When he was reached in The Star recently that he probably would be asked to resign, he said he did not care to comment on the subject. Friends of Mr. Schmidt have been of the opinion that, in view of the acknowledgment that no irregularities have been found in his office to justify charges, no attempt should be made to remove him until his commission expires next May.

KANSAS MARSHAL REMOVED. No Charges Filed, but Taft Appointee Is Ousted. TOPEKA, Kas., June 8.—J. A. Harrison, was removed from office as United States marshal for Kansas today. A few hours after the name of Otto T. Wood of Liberal, Kas., as Harrison's successor, was sent to the Senate by President Wilson, Harrison received a telegram from Attorney General McReynolds, saying he would resign his office as United States marshal for Kansas.

FOUR MORE DIE IN RIOTS OF ITALIAN ANARCHISTS. ANCONA, Italy, June 8.—Four persons have been killed as a result of the rioting here which started yesterday in an attempt by anarchists to prevent the celebration of a national fête. During the Sunday night the anarchists threw stones and bullets. The disturbances continued today and the authorities are having difficulty in quelling the agitation.

JOVIAN PICNIC PLANNED. The second annual picnic of the Indianapolis electrical boosters, under the auspices of the Jovian League of Indianapolis, will be held Saturday afternoon and evening. The program includes a baseball game between the contractors and the boosters, a sack race, peanut race, 100-yard dash, broad jump, high jump, potato race, fat men's race, half-mile race and a tug-of-war. The committee in charge of the picnic is composed of J. H. Payne, chairman, T. A. Wynne and H. Raamussen.

GETS \$10,000 DAMAGE AWARD. A verdict for \$10,000 damages has been given by a jury in Superior Court, Room 1, against the Big Four Railroad Company in favor of Mrs. Bertha Nos. The verdict is the largest for personal injuries in the history of the court. Mrs. Nos was injured Nov. 3, 1913, when her auto in which she was riding was struck by a cut of cars at Indiana avenue. Her hip was crushed.

DAWSON SLOWLY RECOVERING. Joe Dawson, who was injured seriously in the 500-mile race on Memorial day, is making a good fight for recovery at the Methodist Hospital. Although still in a serious condition, physicians are predicting the race driver's recovery and he has been holding his own for some time, if not slowly growing better. Dawson thought to have suffered fractures of five vertebrae.

Bright Lights Attract Visitors in Overcoats. The board of public works gave authority to City Engineer Jeup yesterday to proceed with the repair of the levee on the west bank of White River from Oliver avenue north to the Kentucky avenue. The work will be done by the use of concrete. The distance to be repaired is about 75 feet. A part of the work was started by Jeup yesterday. Jeup said the engineering department is working out its general scheme for levee protection. A part of the levee protection program, a delegation of members of the Enterprise Civic League appeared before the board yesterday and urged immediate action to repair the work. The delegation was headed by John W. Losh and S. B. Griffith.

MECHANICAL EXHIBIT TO BE HELD. An opportunity will be afforded engineers, superintendents and managers of factories and office buildings to visit the exhibition of mechanical specialties at the State Severn tomorrow, Thursday and Friday.

REPORTS THEFT OF AUTO. D. W. Edwards, of the police department, reported the theft of a Buick automobile, of the year 1913, which was stolen from in front of the Hotel Hamilton, Federal street, yesterday afternoon. The machine was parked on Ohio street shortly after a clock, Mr. Edwards stated. It was stolen at 10 o'clock, when he looked for it, the car was gone.

ENDS EVANSVILLE HEARING. Commissioner John F. McClure of the Public Service Commission returned yesterday from Evansville, where he had spent a week opening evidence in a gas rate hearing. Commissioner McClure, together with Charles J. Murphy, who also attended the Evansville case, have gone to Shaw, Miss., where Mr. Juncos owns a plant. The Evansville hearing will be concluded at the offices of the commission June 22, when the company will introduce its side of the evidence.

# Inspector Renews Quest for "Fountain of Health"

Where is the "Fountain of Health"? One Ponca DeLeon spent many wearying months seeking a pool that would answer that general description, but until yesterday it was thought the search had been abandoned some years since. Harry Kitchener, an eminent inspector, is responsible for a renewal of the long-defunct Spaniard's quest.

He noticed a consignment of water purifying tablets from the "Fountain of Health" and began to investigate. In fact, it might be said that he was inclined to doubt the truth of this fountain water, but he was determined to see for himself. He was accompanied by a number of other interested Lake Michigan water purifiers who were supposed to be a cure for the water.

The water—twenty-three cases of it—was ordered seized in a libel suit filed in the United States District Court at Chicago and was in possession of the Indianapolis & Louisville Railway Company. The case was brought by United States Deputy Marshal Rankin.

# MYSTERY SURROUNDS RUN MADE BY POSSE OF POLICE

Persons living along the Crawfordsville pike are still wondering why an emergency machine, filled with heavy metal, police, sped past their homes in a cloud of dust and noise. They are not alone in their doubts. So far no one has been found at police headquarters who would tell just why the police were in such a hurry or where they were going. The trip is still cloaked in deep mystery.

At headquarters there were dozens of rumors current of a few stores being robbed and of farmers having seen various and sundry murderers and burglars over whom hang large questions. On their trip the policemen searched one colored man and made frequent stops to ask directions.
